Thank you for using Richard Ratcliffe Photography. We hope you love your pictures and cherish them for years to come.

Here are the directions on how to use this website:

Enter the "client galleries" and find your name.

Each person will be sent a private password, if we did not send you one- please contact us! Enter your name and the assigned password.

When you are in the gallery, choose "Select Photo" and choose the photos you want.

Click download. You can download to a USB, phone or to your computer for printing.

The files will automatically download to your "downloads" file on your phone or computer.

Unless you print them at home, you will need the copyright form . If you don't have the form, please click the forms link.

Enjoy!
